

Day 3, Plenary Session

Leading by Example

Kristine Kingery, ODASA(E&S)

My Net Zero Journey

- Early adapter of energy efficiency and conservation efforts.
 - Installed a programmable thermostat

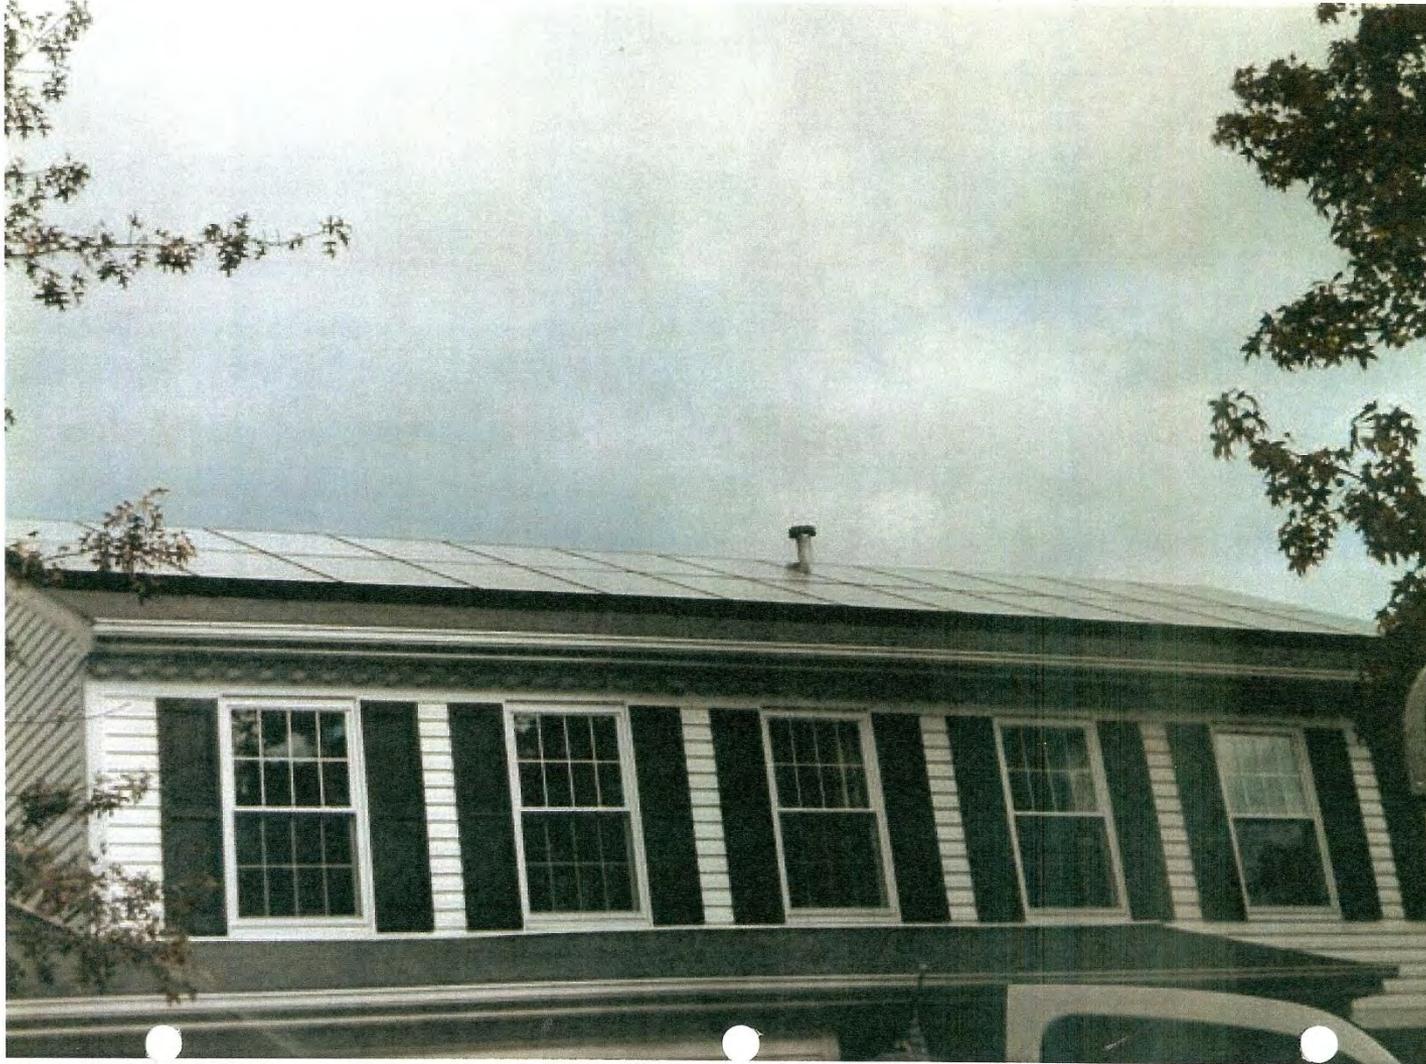

Building towards Net Zero

- **Backyard vegetable garden**
- **Low Flow fixtures (shower)**
- **Hybrid cars – 3 Pri-i's**
- **Replacing incandescent light bulbs with CFLs and LEDs**
- **Replacing windows**
- **Front loading washer to minimize water**
- **Energy efficient appliances**

Incorporating Renewables

Assistant Secretary of the Army (Installations, Energy & Environment)

What is Next?
