DOD REC- Core Functions

– Legislative/ Regulatory Program

- Articulate Army/DOD positions to state legislators and regulators on issues of concern to DOD or the Services

– Outreach

- Develop and maintain close working relations with state regulators and legislators
- Conduct outreach to national/regional/state organizations
- Facilitate partnering with states

– Compliance/Compliance Assistance (Gateway Assistance)

REO Operational Ground Rules

- **DODI 4715.2** – The DOD RECs shall not
 - Issue Policy
 - Make unauthorized decisions or commitments for the Department of Defense or any DOD Component
 - Commit the resources of another DOD Component without that Component's prior consent
 - Negotiate or sign agreements or issue positions on environmental and environmentally related matters in support of mission sustainment unless coordinated with all the DOD Components

REC Legislative and Regulatory Program

In general, we will intervene when a regional, State or local legislative or regulatory proposal:

- Might adversely impact a critical DOD/ Service or installation mission;
- Conflicts with federal law or requirement; or,
- Subjects federal agencies to disparate or discriminatory treatment.
